

Drawing with brushes in CorelDraw

1. Choose the Artistic Media tool (grouped with Freehand, Bezier etc.)
2. Choose the Brush from the tool options bar (second from left)
3. Set Freehand smoothing to about 25
4. Set brush width to about 15
5. Choose a shade of green (or you can do this after)
6. From the Brush Stroke List, choose oil1 or watercolor1
7. Reproduce the frog below as best you can
8. Kiss the frog – it may turn into a scholarship

pages 81-87
